

Additional measures

Due to the COVID-19 Virus Repair IT Now takes additional measures to ensure the safety of our personnel and customers. We ask you to listen to advice given by our personnel and encourage you to observe and follow our procedures.

- Please keep a safe distance of 1,5 meters between other customers and staff.
- Upon entering we kindly request you to disinfect your device yourself at the appointed area, before handing it over to our personnel.
- Do not have physical contact with other customers and our staff. Try to limit contact with objects and surfaces (e.g., banisters, door knobs, etc.). Our waiting area is arranged differently so that contact between customers is limited. The showroom will be closed and we unfortunately cannot offer any tea or coffee.
- The admission sheet will be filled in and completed by our employees. You can receive a copy of this form via email.
- To limit any possible distribution via surfaces and objects you can only temporarily pay by card.
- Do you show any symptoms such as coughing, shortness of breath or fever? Then we urge you to stay home.

Because of these and other extra measures taken by Repair IT Now the repairment of your device may take longer.

Repair IT Now takes the health of her customers and personnel very seriously which is why we disinfect objects and surfaces continuously. But we cannot guarantee safety at all times.

We thank you for your understanding and cooperation.
Team Repair IT Now
